

LOCO-MOTION:

Engineering Steampunk Art

On June 14th, 2015, the City of Gaithersburg will present the 33rd annual Celebrate! Gaithersburg in Olde Towne street festival. Featured at this year's event will be our first Steampunk Art Exhibit and Competition. Designed to captivate an audience of 20,000 festival goers - while paying tribute to our 1884 Train Station - artists, designers, and makers of all things steampunk are invited to apply to this unique art happening.

If selected, you will receive:

- Space in the exhibit tent to show your work
- Your name in the program and on the website
- Opportunity to sell your steampunk artworks
- Chance to win an exhibit and other prizes

We are recruiting the following types of art:

- Large sculptures (but not monumental)
- Small sculptures
- Steampunk inventions
- Steampunk fashion models and performance artists

We hope you can join us! Let us know your ideas and requests.

Please send an email, or call, and include a few images of your work, or a link to your website/ social media page.
