Sec. 24-160D.1. Purposes and objectives of zone.

It is the objective of this zone to establish procedures and standards for the implementation of master plan land use recommendations for comprehensively planned, multi-use projects. It is also intended that this zone provide a more flexible approach to the comprehensive design and development of multi-use projects than the procedures and regulations applicable under the various conventional zoning categories. In so doing, it is intended that this zoning category be utilized to implement existing public plans and pertinent city policies in a manner and to a degree more closely compatible with said city plans and policies than may be possible under other zoning categories. The specific purposes of this zone are:

- (a) To establish standards and procedures through which the land use objectives and guidelines of approved and adopted master plans can serve as the basis for evaluating an individual development proposal, as well as ensuring that development proposed will implement the adopted master plan and other relevant planning and development policies and guidelines for the area considered for MXD zoning.
- (b) To encourage orderly, staged development of large scale comprehensively planned multi-use developments by providing procedures for various zoning and plan approvals, including development phasing.
- (c) To encourage design flexibility and coordination of architectural style of buildings and signage.
- (d) To ensure the integration and internal and external compatibility of applicable residential and nonresidential uses by providing a suitable residential environment that is enhanced and complemented by uses such as commercial, recreational, open space, employment and institutional uses and amenities within a multi-use development. A multi-use development is defined as a single parcel or a group of

contiguous parcels of land zoned MXD which, among the various parcels comprising that contiguous area, include residential, commercial, recreational, open space, employment and institutional uses and amenities.

- (e) To assure compatibility of the proposed land uses with internal and surrounding uses by incorporating higher standards of land planning and site design than could be accomplished under conventional zoning categories and to provide a superior quality of development exceeding that which could be achieved under conventional zoning regulations and procedures.
- (f) To encourage the efficient use of land by: locating employment and retail uses convenient to residential areas; reducing reliance upon automobile use and encouraging pedestrian and other nonvehicular circulation systems; retaining and providing useable open space and active recreation areas close to employment and residential populations; and providing for the development of comprehensive nonvehicular circulation networks, separated from vehicular roadways, which constitute a system of linkages among residential areas, open spaces, recreational areas, commercial and employment areas, and public facilities.
- (g) To provide a superior natural environment by the preservation of trees, natural topographic and geologic features, wetlands, watercourses and open spaces.
- (h) To allow development only in a phased or staged fashion to ensure the adequacy of the provision of public facilities and the concurrent implementation of community amenities.

This zone and any accompanying development plan(s) may be approved upon findings that the application is proper for the comprehensive and systematic development of the city, is capable of accomplishing the purposes of this zone, is an internally and externally compatible form of development and is consistent with the applicable master plan, special conditions within such plan relating to the property under consideration, and other applicable planning and land use policies. In order to enable the city council or the city planning commission to evaluate the conformance with the standards contained herein and elsewhere within Division 19, specific sets of plans shall be submitted in accord with section 24-160D.9, and the city council and/or the commission, as authorized pursuant to this Division 19, may approve said plan(s) if they find the plans capable of accomplishing the above purposes and in compliance with the standards and requirements of this zone.

(Ord. No. O-11-88, 11-7-88; Ord. No. O-7-06, 7-1-06)

Sec. 24-160D.2. Minimum location and development requirements.

- (a) *Master plan.* No land shall be classified in the Mixed Use Development Zone unless the land is within an area for which there is an approved and adopted master plan which recommends mixed use development for the land which is the subject of the application, or unless the proposed development otherwise satisfies the purposes and objectives of the MXD Zone. Approval of the MXD Zone for land which is not recommended for this zone in an approved master plan shall require the affirmative vote of four (4) members of the city council.
- (b) *Minimum area.* No land shall be classified in the Mixed Use Development Zone unless it contains a minimum of ten (10) acres. Parcels or tracts less than the minimum acreage may be permitted if they are contiguous to an existing MXD zoned area and may be harmoniously integrated into the MXD area, consistent with the objectives and purposes of this zone. Such parcels are not required to contain multiple uses but should contribute to a multi-use development and are subject to the provisions of 24-160D.9(a)(1).

- (c) *Location.* Such land shall be located adjacent to and readily accessible from existing or planned highways that are in an approved construction program and are adequate to service the proposed development. It is intended that adequate access be available to such sites so that traffic does not have an adverse impact on the surrounding area or cause internal circulation or safety problems.
- (d) *Public water and sewer.* No development shall be permitted unless served by public water and sewer.
- (e) *Signage.* Signage shall be coordinated between adjoining uses and be thematic in approach, in accord with the purposes of this zone and overall character of the surrounding area.
- (f) *Frontage on public streets.* Anything to the contrary notwithstanding in any regulation in this Code, lots in this zone shall not be required to have direct access to a public street provided that such condition will promote the creation of affordable housing, or will be designed in such a way as to foster the purposes and objectives of this zone, provided that satisfactory access to a public street is provided over private rights-of-way.

(Ord. No. O-11-88, 11-7-88; Ord. No. O-16-90, 8-6-90; Ord. No. O-3-93, 3-1-93; Ord. No. O-7-06, 7-1-06)

Sec. 24-160D.3. Uses permitted.

- (a) *Residential.* All types of residential uses allowed by right in Chapter 24 of this City Code shall be permitted, as well as all accessory uses thereto.
 - (1) The various residential housing types must be planned and constructed in accordance with recommendations and special conditions, if any, of the approved and adopted master plan.
 - (2) The location and type of all residential uses proposed on the site must be shown on the plans submitted in accordance with the requirements of section 24-160D.9 and Article V of this chapter, with the level of specificity increasing at each level of plans review.
 - (3) Residential uses should be a prominent element in any Mixed Use Development Zone where the applicable master plan specifically recommends that residential development is to be an integral component of a proposed multi-use project.
 - (4) Residential uses may be mixed with proposed commercial/industrial/employment uses, rather than located in a separate residential area on the site, upon a finding by the city council that combining residential and nonresidential uses at one location, within a site, will not adversely affect the overall development proposed.
 - (5) A lot intended for use for a single-family attached or detached dwelling unit may contain both a principal dwelling unit and an urban cottage, under the following restrictions and conditions.
 - (i) Maximum floor area of an urban cottage shall be one thousand two hundred (1,200) square feet in size.
 - (ii) Maximum height of an urban cottage shall be two and one-half (2½) stories or thirty (30) feet.
 - (iii) There shall be not more than one (1) urban cottage per lot.
 - (iv) Parking for an urban cottage shall be determined in accordance with section 24-219(b).
 - (v) Urban cottages shall be counted toward the maximum number of dwelling units permitted in an MXD zoned development, if such a maximum number is specified in an approved sketch plan, schematic development plan or final site plan in accordance with the following formula:

Unit Size	Dwelling Unit Count
0 to 699 square feet	0.25/DU
700 to 899 square feet	0.50/DU
900 to 1200 square feet	0.75/DU

- (vi) In addition to compliance with all applicable city codes and regulations including, but not limited to, those dealing with buildings, fire safety, health and sanitation, property maintenance and rental housing licensing, the construction, occupancy and use of urban cottages shall be controlled by the following restrictions:
 - (aa) At least one dwelling unit on a lot containing an urban cottage shall be occupied by an owner of the lot.
 - (bb) There shall be only one cooking facility in an urban cottage.
 - (cc) Occupancy of an urban cottage shall be in accordance with the following schedule:

Unit Size	Maximum Number of Occupants
0 to 699 square feet	2
700 to 899 square feet	3
900 to 1200 square feet	4

- (b) *Commercial/employment/industrial.* All uses allowed by right in any of the following zone: R-B, C-B, C-1, C-2, C-3, E-1, E-2 and I-3 Zones are permitted uses. The following uses are specifically prohibited:
 - Adult-oriented business.
 - Automobile paint and body repair shops.
 - Body piercing establishments
 - Drive-in theaters.
 - Fortune telling business.
 - Hotel, extended stay.
 - Manufacture, compounding, and processing of goods or articles.
 - Pawnshops.
 - Tattoo parlor.
 - (1) The approximate location and general type of commercial, employment and industrial uses proposed on the site must be shown on sketch plan and schematic development plan submitted in accord with section 24-160D.9 and Article V, with the level of specificity increasing at each level of plans review.
 - (2) In order to establish an appropriately mixed character within the entire MXD zoned area, the following percentages of floor area proposed on site as shown on a sketch plan shall not exceed:
 - Retail commercial60%
 - Employment/office65%

Other commercial/institutional15%

Individual percentages may be exceeded by approval of the city council upon application by an applicant and for good cause shown; provided, however, the cumulative total of all categories shall not exceed one hundred (100) percent.

- (c) *Bed and breakfast.* Bed and breakfast subject to the requirements contained in section 24-167B.
- (d) *Special exception uses.* The following uses shall be special exception uses in the MXD zone subject to approval by the city board of appeals notwithstanding the fact that such use may be allowed as a permitted use in any other zones referred to in the above subsections (a) and (b):
- Amusement center, whether operated separately or in conjunction with any other permitted or special exception use¹.
 - Assembling from prepared materials of electronic devices and electrical appliances.
 - Boarding homes.
 - Care homes.
 - Cemeteries.
 - Child or elderly care facilities in dwelling units other than single-family detached or duplexes accommodating not more than eight (8) individuals.
 - Child or elderly care facilities for accommodating more than eight (8) individuals.
 - Clinics.
 - Commercial parks and other outdoor places of amusements, including miniature golf courses, driving ranges, carnivals and fairs.
 - Funeral parlors and undertaking establishments.
 - Group residential facilities operated by nonprofit or public entities.
 - Hospitals.
 - Nursing and care homes.
 - Private clubs.
 - Public utilities uses, such as electric substations and offices, excluding the storage of material and trucks and repair facilities.
 - Radio and television broadcasting stations, towers and accessory structures.
 - Telecommunications facilities, subject to the requirements of section 24-167A(D)(2).
 - Towers, poles, antennas, buildings or other structures intended for use in connection with the operation of a commercial radio or television broadcasting station.

(Ord. No. O-11-88, 11-7-89; Ord. No. O-12-89, 9-5-89; Ord. No. O-17-93, 11-15-93; Ord. No. O-21-97, 11-17-97; Ord. No. O-9-02, 11-4-02; O-15-02, 12-16-02; Ord. No. O-6-04, 2-17-04; Ord. No. O-03-13, 5-6-2013; Ord. No. O-8-13, 9-3-2013)

¹ Amusement centers in the MXD Zone shall not be required to comply with the standard of subsections (1), (2) and (3) of section 24-144(a) of this Code.

Sec. 24-160D.4. Density and intensity of development.

- (a) The residential density in the MXD Zone shall not exceed the residential density or total number of dwelling units stated in the applicable master plan, if any. The total number of dwelling units and the corresponding overall density, as well as the approximate location of such units, shall be established at the time of sketch plan approval pursuant to section 24-160D.9(a).

- (b) Commercial/employment/industrial. The commercial/employment/industrial density in the Mixed Use Development Zone shall be compatible with any gross floor area or floor area ratio recommended in the applicable area master plan or special conditions or requirements, if any are stated therein. The maximum density of commercial/employment/industrial development shall be based on the area shown for commercial/employment/industrial uses on the sketch plan or schematic development plan, and shall not exceed a floor area ratio of 0.75; provided, however, that any land zoned to the MXD category prior to January 1, 1991, and any land not exceeding twelve (12) acres in size incorporated into such acreage zoned MXD prior to January 1, 1991, shall have a floor area ratio not to exceed 1.5. The mayor and city council may, by separate resolution, waive any or all the floor area ratio development standards when necessary to incorporate environmental site design or implement the master plan.

(Ord. No. O-11-88, 11-7-88; Ord. No. O-5-91, 3-11-91; Ord. No. O-5-10, 4-5-2010)

Sec. 24-160D.5. Compatibility standards.

- (a) All uses shall conform to the purposes of the Mixed Use Development Zone and shall be compatible with all uses, existing or proposed, in the vicinity of the area covered by the proposed planned development. In order to assist in accomplishing such compatibility, the following requirements shall apply:
- (1) All right-of-way requirements, setbacks, height limits, open space or buffer areas recommended in an area master plan or special conditions or requirements stated therein to protect properties adjacent to the MXD zoned areas shall be incorporated into all plans subject to approval under the zone.
 - (2) Where setback, height limits, open space or buffer areas are not recommended in an area master plan or special conditions or requirements stated therein to protect properties adjacent to the MXD zoned areas, the following requirements shall be incorporated into all plans subject to approval under this zone.
 - a. No buildings other than single-family detached dwellings shall be constructed within one hundred (100) feet of adjoining property not zoned MXD or in a residential category that is developed with one-family detached homes unless the city planning commission finds that topographical features permit a lesser setback. In all other situations, setbacks from adjoining properties may be less than one hundred (100) feet, with the setback approved by the city planning commission.
 - b. No building proposed for commercial/employment/industrial use shall be constructed less than one hundred (100) feet from any adjoining property not zoned MXD recommended for residential zoning and land use on the applicable master plan. The setbacks shall be determined as part of the final site plan approval.
 - c. No building shall be constructed to a height greater than its distance from any adjoining property not zoned MXD recommended for residential zoning and land use on the applicable master plan, unless the city planning commission finds that approval of a waiver of this requirement will not adversely affect adjacent property.
- (b) Telecommunications facilities in residential MXD Zones must be enclosed in existing structures.
- (c) Compliance with these requirements shall not in and of itself be deemed to create a presumption of compatibility.

(Ord. No. O-11-88, 11-7-88; Ord. No. O-21-97, 11-17-97)

Sec. 24-160D.6. Minimum green area, landscaping and amenity requirements.

- (a) The amount of green area, including designated parks, public and private open space, active and passive recreational areas, required for the residential portion of a mixed use development shall be not less than forty (40) percent of the total area shown for residential use. The minimum green area requirement, which shall include designated parks, public and private open space, active and passive recreational areas, for the commercial/employment/industrial portion of a mixed use development shall be not less than twenty-five (25) percent of the total area devoted to commercial/employment/industrial uses, except that comparable amenities and/or facilities may be provided in lieu of green area if the city council determines that such amenities or facilities are sufficient to accomplish the purposes of the zone, and would be more beneficial to the proposed development than strict adherence to the specific green area requirement.
- (b) All recreation areas, facilities and amenities, and all open space and landscaped areas shall be reflected on the final site plans for approval by the city planning commission. With respect to such areas, facilities and amenities, the site plan or accompanying documents shall reflect:
 - (1) That such areas, facilities or amenities shall not be constructed, converted or used for any purposes other than reflected and designated on the site plan unless amended by consent of the city planning commission.
 - (2) A staging or construction timetable specifying the construction of all recreational areas, facilities and amenities. This staging or construction timetable may be related to the number of residential units under construction or complete, or population levels, or other appropriate standard. The adherence to the performance of such timetable shall be secured by appropriate bond, letter of credit or security acceptable to the city. Subsequent to the completion of work, the city manager is authorized to declare as abandoned and forfeited, any cash bond posted pursuant to a requirement of this chapter, and relinquish proceeds thereof to the general treasury of the city, when after giving the applicant or permittee who posted the cash bond thirty (30) days written notice first by registered mail, and if unclaimed by first-class mail, such applicant or permittee fails to request of the city the return of the cash bond. Upon failure to request of the city the return of the cash bond, as provided herein, the applicant or permittee, its successors, heirs and assigns relinquish all claim to said cash bond.
 - (3) A detailed plan with copies of proposed supporting covenants to be filed among the land records prior to the issuance of building permits for each phase of development, which shall enumerate the property owner's and all successors' obligations for perpetual maintenance of all common areas, green space, recreation areas, facilities and amenities, and all common landscaped areas.

(Ord. No. O-11-88, 11-7-88; Ord. No. O-13-95, 7-24-95)

Sec. 24-160D.7. Public facilities and utilities.

- (a) A mixed use development should conform to the facilities recommended for the site by the approved and adopted master plan, including granting such easements or making such dedications to the public as may be shown thereon or as shall be deemed necessary by the city to ensure the compatibility of the development with the surrounding area and to assure the ability of the area to accommodate the uses proposed by the application.

- (b) All utility lines in the Mixed Use Development Zone shall be placed underground. The developer or subdivider shall ensure final and proper completion and installation of utility lines. Poles and lamps for street lighting shall be provided by the developer in accordance with the approved site plan.
- (c) All streets to be dedicated to public use shall be shown on the schematic development plan and the final site plan, respectively. All private streets and alleyways shall also be shown on the schematic development plan and the final site plan, but they will only be allowed where they are found to be more appropriate due to the type and density of development or other applicable factors. All private streets and alleyways are to be constructed to the same width and road code standards as are applicable to public streets unless waivers of any street standard or road code requirement are granted by the council as part of the schematic development plan review or by separate public hearing.
- (d) An applicant for approval under the MXD Zone shall demonstrate at the time of filing a schematic development plan, and at time of site plan approval that all public facilities are either presently adequate to service the development requested for approval or will be provided or in place by the completion of construction of the development reflected in the schematic development plan. It is the intent of this provision that development shall be staged in such a manner as to coordinate development with the provision of public facilities, and that such facilities shall be operational at acceptable service levels and capacities.
- (e) All public facilities to be provided by an applicant shall be secured at the time of receipt of building permits by a bond or other financial security satisfactory to the city to ensure completion. The city may require as part of site plan approval, written agreements, either secured or unsecured, to be executed to ensure satisfactory completion of all public facilities and project amenities. Subsequent to the completion of work, the city manager is authorized to declare as abandoned and forfeited, any cash bond posted pursuant to a requirement of this chapter, and relinquish proceeds thereof to the general treasury of the city, when after giving the applicant or permittee who posted the cash bond thirty (30) days written notice first by registered mail, and if unclaimed by first-class mail, such applicant or permittee fails to request of the city the return of the cash bond. Upon failure to request of the city return of the cash bond, as provided herein, the applicant or permittee, its successors, heirs and assigns relinquish all claim to said cash bond.

(Ord. No. O-11-88, 11-7-88; Ord. No. O-13-95, 7-24-95)

Sec. 24-160D.8. Parking requirements.

Off-street parking shall be provided in accordance with Article XI of this chapter, except as may be authorized below:

- (a) The council, at the time of schematic development plan review, shall determine the appropriate approximate number of spaces. At the time of final site plan approval, the commission shall determine the final number of spaces, based upon considerations of safety, convenience, pedestrian and vehicular circulation, and added landscaping within parking lot areas. In addition, the planning commission may reduce the number of spaces required for any use in Article XI, section 24-219(b) of this Code where such reduction will meet the purposes of the MXD Zone.

(Ord. No. O-11-88, 11-7-88)

Sec. 24-160D.9. Application and processing procedures.

Procedures governing the application for the MXD zone and approvals necessary to seek building permits shall be subject to the following multistep process:

- (a) *Application for the MXD Zone and sketch plan approval.*
 - (1) An applicant shall file, together with the prescribed application fee, an application for the MXD Zone pursuant to the provisions of section 24-196 of this Code, and in addition, shall submit for the approval as part of the application for separate approval, a sketch plan reflecting at a minimum, the following:
 - a. The boundaries of the entire tract of parcel.
 - b. The requirements of section 24-169(a), except for items (3), (4), (5) and (6)f.
 - c. Proposed phasing or staging plan of development, public facilities and information regarding such plan's consistency with provision of master planned or otherwise necessary public facilities.
 - d. Demonstration of general compliance with any master plan recommendations for the property, including any special conditions or requirements related to the property set forth in the master plan.
 - e. In addition to the requirements of this subsection, for parcels less than ten (10) acres the sketch plan shall provide sufficient detail to demonstrate harmonious integration into contiguous and existing MXD areas.
 - (2) The city council and city planning commission shall conduct a public hearing(s) on the application subject to the notification procedures in section 24-196 of this Code. Such hearings may be held jointly by the city council and city planning commission. The planning commission shall deliver its recommendation to the city council within thirty (30) days of the close of the commission's hearing record. The council shall take action on the application within ninety (90) days after the close of the council's hearing record. If the council shall fail to do so, the application shall be deemed denied.
- (b) *Application for schematic development plan approval.*
 - (1) A schematic development plan shall be filed for approval by the city council of all or portions of the area zoned MXD and reflected within the approved sketch plan, together with the required filing fee. The schematic development plan shall include the following:
 - a. The requirements of section 24-169(b).
 - b. Proposed phasing or staging plan of development and information relating to such plan's consistency with the provision of public facilities.
 - c. Demonstration of general compliance with any master plan recommendations for the property, including any special conditions or requirements related to the property set forth in the master plan.
 - d. A proposed covenant or other form of agreement indicating how the area will be included in any homeowner's association or other organization, and how any open space, community space or amenities located within the area subject to review will be perpetually maintained.
 - (2) The city council and city planning commission shall conduct a public hearing(s) on the application subject to the notification procedures in section 24-196 of this Code. Such hearings may be held jointly by the city council and city

planning commission. The planning commission shall deliver its recommendation to the city council within thirty (30) days of the close of the commission's hearing record. The council shall take action on the application within ninety (90) days after the close of the council's hearing record. If the council shall fail to do so, the application shall be deemed denied.

- (3) The approval of a schematic development plan shall substitute for preliminary site plan approval.
 - (c) *Final site plan review.* Following approval of a schematic development plan, an applicant shall submit to the city planning commission a final site plan for approval, which shall be in accord with the approved schematic development plan and shall include the following:
 - (1) All information and documentation required pursuant to section 24-169 of this Code.
 - (2) Proposed phasing or staging plan of development and information regarding such plan's consistency with the provision of public facilities.
 - (3) Demonstration of general compliance with any master plan recommendations for the property, including any special conditions or requirements related to the property set forth in the master plan.
 - (4) Demonstration of compliance with the approved schematic development plan.
- Approvals, processes, procedures and amendments to site plans shall be in accord with Article V of this Chapter 24 of the Code.

(Ord. No. O-11-88, 11-7-88; Ord. No. O-15-91, 7-1-91; Ord. No. O-23-92, 12-7-92; Ord. No. O-13-95, 7-24-95; Ord. No. O-7-06, 7-1-06; Ord. No. O-5-10, 4-5-2010; Ord. No. O-03-13, 5-6-2013)

Sec. 24-160D.10. Findings required.

- (a) The city council shall approve MXD zoning and the accompanying sketch plan only upon finding that:
 - (1) The application meets or accomplishes the purposes, objectives, and minimum standards and requirements of the zone; and
 - (2) The application is in accord with recommendations in the applicable master plan for the area and is consistent with any special conditions or requirements contained in said master plan; and
 - (3) The application and sketch plan will be internally and externally compatible and harmonious with existing and planned land uses in the MXD zoned areas and adjacent areas.
- (b) The city council shall approve a schematic development plan only upon the finding that:
 - (1) The plan is substantially in accord with the approved sketch plan; and
 - (2) The plan meets or accomplishes the purposes, objectives and minimum standards and requirements of the zone, and other requirements of the City Code; and
 - (3) The plan is in accord with the area master plan and any accompanying special condition or requirements contained in said master plan for the area under consideration; and
 - (4) The plan will be internally and externally compatible and harmonious with existing and planned land uses in the MXD zoned area and adjacent areas; and
 - (5) That existing or planned public facilities are adequate to service the proposed development contained in the plan; and

- (6) That the development staging or phasing program is adequate in relation to the provision of public facilities and private amenities to service the proposed development; and
- (7) That the plan, if approved, would be in the public interest.
- (c) The city planning commission shall approve a final site plan consistent with the findings required in sections 24-170 and 24-170A of this Code, and upon considerations, determinations and powers set forth in section 24-171 of this Code. The city planning commission shall, as a condition of its approval, require the posting of all necessary bonds or other security instruments, the execution of required agreements, and recording of covenants.

(Ord. No. O-11-88, 11-7-88; Ord. No. O-5-10, 4-5-2010)

Sec. 24-160D.11. Procedures for amendment.

Amendments to a sketch plan or schematic development plan may be permitted, consistent with the procedures for amendment of optional method plans as provided in section 24-198(c) of this Code.

(Ord. No. O-11-88, 11-7-88)

Sec. 24-160D.12. Regulations adopted as part of schematic development plans.

- (a) The city council may adopt as part of a schematic development plan in the MXD Zone, all or portions of any proposed regulations, rules or standards specific and unique to the application under consideration.
- (b) Such rules, regulations and standards may apply to:
 - Building/structure setbacks and lot coverage;
 - The location and type of accessory buildings and structures;
 - Type and nature of accessory uses;
 - Appearance of buildings and structures, configuration of building elements and type of building materials.

Provided however, no such rules, regulations and standards shall exceed any maximum development standard or be less than any minimum development standard or permit any use otherwise prohibited in the MXD Zone. All owners of property subject to the schematic development plan and their assigns shall be notified of such rules, regulations and standards at the time of taking title to property located within the schematic development plan area or as otherwise provided in subsection (c) below.

- (c) The provisions of this section shall apply to any existing sketch or schematic development plan previously approved by the city council for the MXD Zone which contains such rules, regulations and standards.
- (d) No person, firm or corporation may violate any such rules, regulations or standards and any such violation shall be enforceable by the city and subject to such enforcement and penalties provided by sections 1-9 through 1-11 inclusive of this Code.

(Ord. No. O-22-97, 12-1-97; Ord. No. O-5-10, 4-5-2010)

Sec. 24-160D.13. Traditional Neighborhood Design (TND) option.

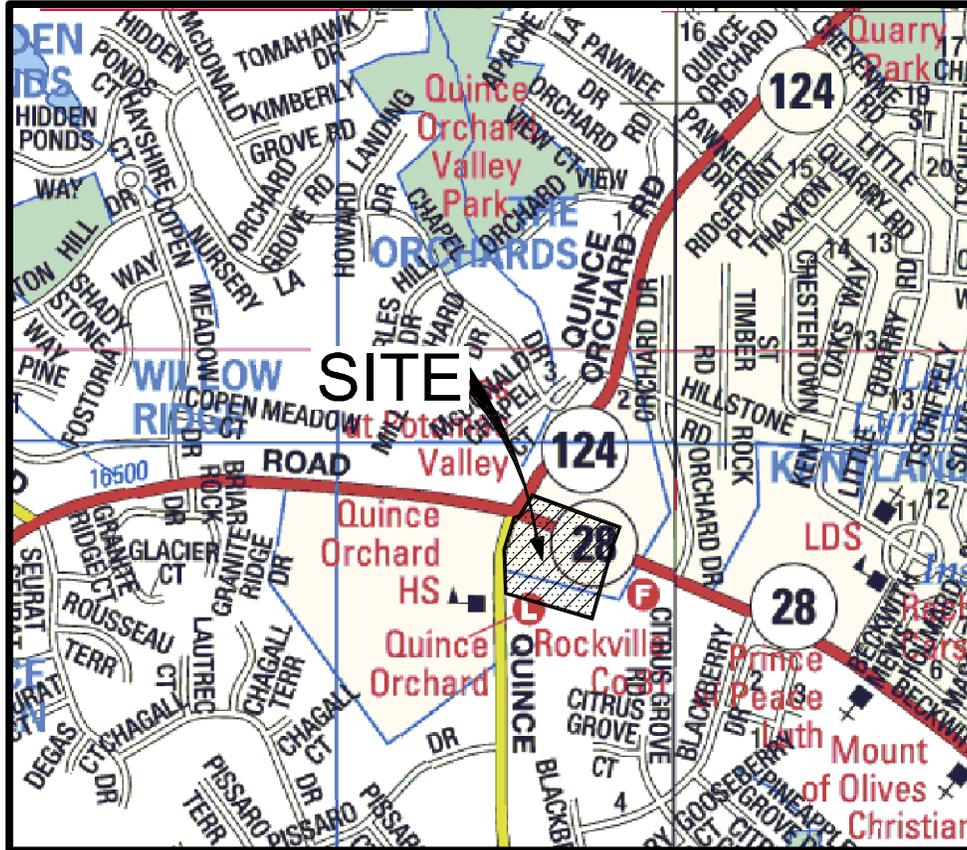

In addition to the procedural requirements contained in this division, the Traditional Neighborhood Design (TND) option should be used as a guide for development within this zoning category, subject to compliance with the standards set forth in section 24-22.3 of Chapter 24 of this Code.

(Ord. No. O-3-99, 1-19-99)

Editor's note—

Ord. No. O-3-99, adopted Jan. 19, 1999, set out provisions pertaining to the traditional neighborhood design option. To maintain the numeric sequencing of this Code, these provisions have been included as § 24-160D.13 at the discretion of the editor to read as herein set out. See the Code Comparative Table.

MXD JUSTIFICATION STATEMENT

The purpose of this Justification Statement is to demonstrate compliance of the Petition for Annexation (the "Petition") of the Subject Property (as defined in the Petition) with Section 160D.10(a) of the Gaithersburg City Code. Section 160D.10(a) sets forth the findings required for classification of the Subject Property into the MXD zone upon annexation, with which the proposed Petition complies as articulated below:

Section 160D.10(a) The city council shall approve MXD zoning and the accompanying sketch plan only upon finding that:

(1) The application meets or accomplishes the purposes, objectives, and minimum standards and requirements of the zone; ...

One of the guiding purposes and objectives of the MXD Zone is to implement the recommendations of the approved master plan. The Petition accomplishes this purpose and objective by seeking the annexation of the Subject Property into the corporate limits of the City of Gaithersburg and classification of the Subject Property into the MXD Zone as recommended by the City's 2009 Land Use Plan. The Petition will expand the corporate limits of the City of Gaithersburg in accordance with the City's planning, growth and development policies and guidelines embodied by the maximum expansion limits depicted in the City's 2003 Growth Element.

Many of the purposes, objectives and minimum standards and requirements of the zone will be met in the future, as redevelopment of the Subject Property is not currently proposed by the Petition and accompanying sketch plan. The Petition will allow the continuation of the existing uses at the Subject Property at this time. The future orderly and staged redevelopment of the Subject Property will be pursuant to the applicable provisions of the MXD Zone under the City's approval authority and result is a superior quality of redevelopment. Classification of the Subject Property into the MXD Zone will assure compatibility with internal and surrounding uses through the application of the higher standards of land planning and site design associated with the MXD Zone.

The Subject Property is in compliance with the minimum standards and requirements of the zone with the requested and justified waiver. The Subject Property is approximately 8.2877 acres, warranting a waiver of the minimum size requirement due to its contiguity to the remainder of the shopping center, the Potomac Valley Shopping Center North, situated on the north side of Darnestown Road and also recommended for reclassification into the MXD zone by the City's 2009 Land Use Plan. The Subject Property is situated at the corner of Quince Orchard Road (Md. State Route 124) and Darnestown Road (Md. State Route 28) and has frontage on and access to and from both highways. Public water and sewer serve the Subject Property in accordance with the standards of the MXD Zone. The annexation of the Subject Property into the City and classification into the MXD Zone will enable the redevelopment of two landmark developments along both sides of Darnestown Road at the intersection of Quince Orchard

Road in a manner contemplated by the City's Master Plan, subject to City review and approval.

(2) The application is in accord with recommendations in the applicable master plan for the area and is consistent with any special conditions or requirements contained in said master plan; ...

The City's 2009 Land Use Plan recommends annexation of the Subject Property into the City of Gaithersburg and classification into the MXD zone. The Land Use Plan specifically recommends a commercial-office land use designation for the Subject Property. No residential uses are recommended for the Subject Property. The existing commercial uses at the Subject Property are consistent with the recommendations of the Land Use Plan. The accompanying sketch plan implements the recommended commercial office land use designation for the Subject Property.

(3) The application and sketch plan will be internally and externally compatible and harmonious with existing and planned land uses in the MXD zoned areas and adjacent areas."

A sketch plan for the commercial-office development of the Subject Property is filed with the Petition. The development proposed by the sketch plan will be internally and externally compatible and harmonious with existing and planned land uses as it confirms the existing uses at the Subject Property. The Subject Property is immediately surrounded by commercial and institutional uses, but no property that is currently zoned MXD.

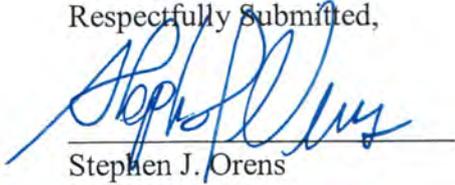

The remainder of the shopping center, Potomac Valley Shopping Center North, is situated to the north across Darnestown Road, the Subject Property is surrounded by the Rockville Volunteer Fire Department to the east, Quince Orchard High School to the west, and the Quince Orchard Library to the south. The remainder of the shopping center across Darnestown Road is planned for MXD zoning, although a reclassification of the property has not yet been initiated. However, compatibility between the existing uses of the two properties is inherent since they are one shopping center severed by Darnestown Road. Further, the Subject Property consists of uses that have been in existence for several years and are inherently compatible with the remainder of the surrounding areas and the provisions of the MXD Zone will assure compatibility of the future redevelopment of the Subject Property to its surrounding area.

Conclusion

Classification of the Subject Property into the MXD Zone upon annexation into the corporate boundaries of the City of Gaithersburg is recommended by the City's 2009 Land Use Plan and in accordance with the purposes and objectives of the MXD zone. The future development of the Subject Property will be compatible with the surrounding areas and further the purposes and objectives of the zone while meeting the requirements

of the zone. We request that the Mayor and the City Council of the City of Gaithersburg enact a Resolution annexing the Subject Property into the City with an MXD zoning classification.
